a) The preference shall be applied when (i) the lowest Foreign Bid is lower than the lowest bid offered by a Domestic Bidder, or (ii) the lowest bid offered by a non-Philippine national is lower than the lowest bid offered by a Domestic Entity.

b) For evaluation purposes, the lowest Foreign Bid or the bid offered by a non-Philippine national shall be increased by fifteen percent (15%).

c) In the event that (i) the lowest bid offered by a Domestic Entity does not exceed the lowest Foreign Bid as increased, or (ii) the lowest bid offered by a non-Philippine national as increased, then the Procuring Entity shall award the contract to the Domestic Bidder/Entity at the amount of the lowest Foreign Bid or the bid offered by a non-Philippine national, as the case may be.

d) If the Domestic Entity/Bidder refuses to accept the award of contract at the amount of the Foreign Bid or bid offered by a non-Philippine national within two (2) calendar days from receipt of written advice from the BAC, the Procuring Entity shall award to the bidder offering the Foreign Bid or the non-Philippine national, as the case may be, subject to post-qualification and submission of all the documentary requirements under these Bidding Documents.

27.2. A Bidder may be granted preference as a Domestic Entity subject to the certification from the DTI (in case of sole proprietorships), SEC (in case of partnerships and corporations), or CDA (in case of cooperatives) that the (a) sole proprietor is a citizen of the Philippines or the partnership, corporation, cooperative, or association is duly organized under the laws of the Philippines with at least seventy five percent (75%) of its interest or outstanding capital stock belonging to citizens of the Philippines, (b) habitually established in business and habitually engaged in the manufacture or sale of the merchandise covered by his bid, and (c) the business has been in existence for at least five (5) consecutive years prior to the advertisement and/or posting of the Invitation to Bid for this Project.

27.3. A Bidder may be granted preference as a Domestic Bidder subject to the certification from the DTI that the Bidder is offering unmanufactured articles, materials or supplies of the growth or production of the Philippines, or manufactured articles, materials, or supplies manufactured or to be manufactured in the Philippines substantially from articles, materials, or supplies of the growth, production, or manufacture, as the case may be, of the Philippines.

28. Detailed Evaluation and Comparison of Bids

28.1. The Procuring Entity will undertake the detailed evaluation and comparison of bids which have passed the opening and preliminary examination of bids, pursuant to **ITB** Clause 24, in order to determine the Lowest Calculated Bid.

28.2. The Lowest Calculated Bid shall be determined in two steps:

a) The detailed evaluation of the financial component of the bids, to establish the correct calculated prices of the bids; and

b) The ranking of the total bid prices as so calculated from the lowest to the highest. The bid with the lowest price shall be identified as the Lowest Calculated Bid.

28.3. The Procuring Entity's BAC shall immediately conduct a detailed evaluation of all bids rated "passed," using non-discretionary pass/fail criteria. Unless otherwise specified in the **BDS**, the BAC shall consider the following in the evaluation of bids:

a) Completeness of the bid. Unless the ITB specifically allows partial bids, bids not addressing or providing all of the required items in the Schedule of Requirements including, where applicable, bill of quantities, shall be considered non-responsive and, thus, automatically disqualified. In this regard, where a required item is provided, but no price is indicated, the same shall be considered as non-responsive, but specifying a "0" (zero) for the said item would mean that it is being offered for free to the Procuring Entity; and

b) Arithmetical corrections. Consider computational errors and omissions to enable proper comparison of all eligible bids. It may also consider bid modifications, if allowed in the **BDS**. Any adjustment shall be calculated in monetary terms to determine the calculated prices.

28.4. Based on the detailed evaluation of bids, those that comply with the above-mentioned requirements shall be ranked in the ascending order of their total calculated bid prices, as evaluated and corrected for computational errors, discounts and other modifications, to identify the Lowest Calculated Bid. Total calculated bid prices, as evaluated and corrected for computational errors, discounts and other modifications, which exceed the ABC shall not be considered, unless otherwise indicated in the **BDS**.

28.5. The Procuring Entity's evaluation of bids shall only be based on the bid price quoted in the Financial Bid Form.

28.6. Bids shall be evaluated on an equal footing to ensure fair competition. For this purpose, all bidders shall be required to include in their bids the cost of all taxes, such as, but not limited to, value added tax (VAT), income tax, local taxes, and other fiscal levies and duties which shall be itemized in the bid form and reflected in the detailed estimates. Such bids, including said taxes, shall be the basis for bid evaluation and comparison.

29. Post-Qualification

29.1. The Procuring Entity shall determine to its satisfaction whether the Bidder that is evaluated as having submitted the Lowest Calculated Bid (LCB) complies with and is responsive to all the requirements and conditions specified in **ITB** Clauses 5, 12, and 13.

29.2. Within a non-extendible period of three (3) calendar days from receipt by the bidder of the notice from the BAC that it submitted the LCB, the Bidder shall submit the following documentary requirements:

a) Tax clearance per Executive Order 398, Series of 2005;

b) Certificate of PhilGEPS Registration; and

c) Other appropriate licenses and permits required by law and stated in the **BDS**.

Failure of the Bidder declared as Lowest Calculated Bid to duly submit the requirements under this Clause or a finding against the veracity of such shall be ground for forfeiture of the bid security and disqualification of the Bidder for award.

29.3. The determination shall be based upon an examination of the documentary evidence of the Bidder's qualifications submitted pursuant to **ITB** Clauses 12 and 13, as well as other information as the Procuring Entity deems necessary and appropriate, using a non-discretionary "pass/fail" criterion.

29.4. If the BAC determines that the Bidder with the Lowest Calculated Bid passes all the criteria for post-qualification, it shall declare the said bid as the Lowest Calculated Responsive Bid, and recommend to the Head of the Procuring Entity the award of contract to the said Bidder at its submitted price or its calculated bid price, whichever is lower.

29.5. A negative determination shall result in rejection of the Bidder's Bid, in which event the Procuring Entity shall proceed to the next Lowest Calculated Bid to make a similar determination of that Bidder's capabilities to perform satisfactorily. If the second Bidder, however, fails the post qualification, the procedure for post qualification shall be repeated for the Bidder with the next Lowest Calculated Bid, and so on until the Lowest Calculated Responsive Bid is determined for contract award.

29.6. Within a period not exceeding seven (7) calendar days from the date of receipt of the recommendation of the BAC, the Head of the Procuring Entity shall approve or disapprove the said recommendation. In the case of GOCCs and GFIs, the period provided herein shall be fifteen (15) calendar days.

30. Reservation Clause

30.1. Notwithstanding the eligibility or post-qualification of a Bidder, the Procuring Entity concerned reserves the right to review its qualifications at any stage of the procurement process if it has reasonable grounds to believe that a misrepresentation has been made by the said Bidder, or that there has been a change in the Bidder's capability to undertake the project from the time it submitted its eligibility requirements. Should such review uncover any misrepresentation made in the eligibility and bidding requirements, statements or documents, or any changes in the situation of the Bidder which will affect its capability to undertake the project so that it fails the preset eligibility or bid evaluation criteria, the Procuring Entity shall consider the said Bidder as ineligible and shall disqualify it from submitting a bid or from obtaining an award or contract.

30.2. Based on the following grounds, the Procuring Entity reserves the right to reject any and all bids, declare a failure of bidding at any time prior to the contract award, or not to award the contract, without thereby incurring any liability, and make no assurance that a contract shall be entered into as a result of the bidding:

a) If there is *prima facie* evidence of collusion between appropriate public officers or employees of the Procuring Entity, or between the BAC and any of the Bidders, or if the collusion is between or among the bidders themselves, or between a Bidder and a third party, including any act which restricts, suppresses or nullifies or tends to restrict, suppress or nullify competition;

b) If the Procuring Entity's BAC is found to have failed in following the prescribed bidding procedures; or

c) For any justifiable and reasonable ground where the award of the contract will not redound to the benefit of the GOP as follows:

   a. If the physical and economic conditions have significantly changed so as to render the project no longer economically, financially or technically feasible as determined by the head of the procuring entity;

   b. If the project is no longer necessary as determined by the head of the procuring entity; and

   c. If the source of funds for the project has been withheld or reduced through no fault of the Procuring Entity.

30.3. In addition, the Procuring Entity may likewise declare a failure of bidding when:

a) No bids are received;

b) All prospective Bidders are declared ineligible;

c) All bids fail to comply with all the bid requirements or fail post-qualification; or

d) The Bidder with the Lowest Calculated Responsive Bid (LCRB) refuses, without justifiable cause to accept the award of contract, and no award is made.

F. Award of Contract

31. Contract Award

31.1. Subject to **ITB** Clause 29, the Procuring Entity shall award the contract to the Bidder whose bid has been determined to be the LCRB.

31.2. Prior to the expiration of the period of bid validity, the Procuring Entity shall notify the successful Bidder in writing that its bid has been accepted, through a Notice of Award received personally or sent by registered mail or electronically, receipt of which must be confirmed in writing within two (2) days by the Bidder with the LCRB and submitted personally or sent by registered mail or electronically to the Procuring Entity.

31.3. Notwithstanding the issuance of the Notice of Award, award of contract shall be subject to the following conditions:

a) Submission of the valid JVA, if applicable, within ten (10) calendar days from receipt by the Bidder of the notice from the BAC that the Bidder has the LCRB;

b) Posting of the performance security in accordance with **ITB** Clause 33;

c) Signing of the contract as provided in **ITB** Clause 32; and

d) Approval by higher authority, if required.

31.4. At the time of contract award, the Procuring Entity shall not increase or decrease the quantity of goods originally specified in Terms of Reference (Ordering Agreement)

19. Liquidated Damages

However, the Supplier shall continue performance of this Contract to the extent not terminated.

23.3. In case the delay in the delivery of the Goods and/or performance of the Services exceeds a time duration equivalent to ten percent (10%) of the specified contract time plus any time extension duly granted to the Supplier, the Procuring Entity may terminate this Contract, forfeit the Supplier's performance security and award the same to a qualified Supplier.

24. Termination for Insolvency

The Procuring Entity shall terminate this Contract if the Supplier is declared bankrupt or insolvent as determined with finality by a court of competent jurisdiction. In this event, termination will be without compensation to the Supplier, provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to the Procuring Entity and/or the Supplier.

25. Termination for Convenience

25.1. The Procuring Entity may terminate this Contract, in whole or in part, at any time for its convenience. Before recovery may be made, the fact of loss must be established under oath by the Supplier to the satisfaction of the Procuring Entity before recovery may be made.

I.1 PPI shall issue a Purchase Order in lieu of the Delivery Order Contract for the ordering and delivery of the item identified in the Order Agreement List in favor of the winning bidder to obligate the latter to deliver according to the terms and conditions stated in the Ordering Agreement.

I.2 PPI may execute as many Purchase Orders for the same line item as may be needed within the validity of the Ordering Agreement; provided that the subsequent Purchase Orders shall have the same unit price as originally stated in the Ordering Agreement and shall not exceed the estimated quantity in the Order Agreement List and the aggregate amount shall not exceed the total contract price specified in the Ordering Agreement. No other costs are authorized unless otherwise specified in the Ordering Agreement.

1.3 PPI may issue a Purchase Order requiring delivery to multiple destinations.

IIII. REPEAT ORDER

J.1 No Repeat Order for an item in the Order Agreement List shall be allowed until after PPI has exhausted the estimated quantity for the same item specified therein or after the Ordering Agreement has expired, whichever comes first, and subject to the conditions provided in Section 51 of R.A. 9184 and its IRR. For this purpose, any Repeat Order shall be availed of only within six (6) months from the date of the last or final Purchase Order for a specific item where the estimated quantity has been exhausted, or from the expiration of the Ordering Agreement.

J.2 In case a Repeat Order is allowed and resorted to, the twenty five percent (25%) maximum allowable quantity shall be based on the aggregate quantity of actual items ordered and delivered.

JJJJ. IMPLEMENTATION AND TERMINATION OF ORDERING AGREEMENT

K.1 Seller hereby warrants that the goods subject of the P.O. are free from latent defects which are not apparent during inspection and testing period and seller hereby further warrants that the use or sale by PPI of the goods will not subject PPI to charges of patent infringement and further agrees to hold PPI harmless against any and all results of such charges.

K.2 After receipt by the supplier of the Purchase Order, it shall deliver the items within the period specified in the Ordering Agreement, unless a different time is provided in the Purchase Order; in which case, the period stated in the latter shall prevail.

K.3 Delivery period of all the items shall be extended only if applications thereof shall have been filed before default has been incurred, and only when delay has been caused by an act of the government, force majeure or to conditions clearly beyond seller's/contractor's control. Deliveries made within extended time shall be exempt from the penalties herein below provided.

K.4 PPI reserves the right to suspend/cancel delivery/shipment of the items covered by herein order in the event of strikes, accident or other contingencies beyond control.

K.5 It is understood that the failure of PPI to demand strict compliance with any or all of the terms and conditions of the Purchase Order (P.O.) shall not be considered as a waiver and/or estoppel on the part of PPI for the enforcement of its rights in connection hereof shall be deemed as waiver of any subsequent breach of the same or any other term and condition contained hereunder.

K.6 The SUPPLIER agrees and obligates to finally and unconditionally abide by the decisions of the PPI on the interpretation or construction of any term, condition or stipulation contained in the P.O.

K.7 Seller's/contractor's failure to deliver specified goods when due will authorize PPI to impose a penalty of a deduction from the invoice value, as liquidated damages, 1/10 of 1% of the total value of the undelivered portion of the order for each day of delay in delivery including Saturdays, Sundays and Holidays or P500.00, whichever is higher, or make an open market purchase of the items undelivered and charge to defaulting seller/contractor the excess in price, if any. In either case, PPI reserves the right to rescind or cancel this order. PPI may, in its discretion, deduct the value of the penalty imposed from any money which may become due the seller/contractor, or to recover from the seller's contractor's bond filed under this contract, if there is any.

K.8 The SUPPLIER agrees to hold the PPI free and harmless from any and all liabilities, or damages of whatever nature either connected with or occasioned by, or arising from the P.O. or implementation of the same.

K.9 Should PPI be constrained to file a case to obtain court relief against the SUPPLIER, the latter will hold itself liable to pay an amount equivalent to twenty percent (20%) of the amount claimed in the complaint as attorney's fees, aside from the costs of the litigation and other expenses which may entitle the PPI to recover from the SUPPLIER any and all actions arising from this Agreement which any party may decide to institute shall be filed with proper court in the City of Makati.

K.10. In case of breach or violation by the SUPPLIER of any provision of this Agreement, the SUPPLIER shall pay PPI, by way of liquidated damages the sum equivalent to fifteen percent (15%) of the total contract price. It is understood that the damages herein provided are fixed, agreed and liquidated damages, and that to be entitled to

such damages, the PPI shall not be required to prove that it has incurred actual damages.
